

**FASTENERS[®]
SERVICE**

We are a company dedicated to serve the Mexico's OEM industry in a personalized way, through fasteners and other products manufactured according to drawing, such as: wire forms, stampings, machined, forged, molded plastic parts, fuses, pipe plugs, among others.

Our main services include vendor managed inventory systems, in-house kitting and sourcing on most Type-C products.

Domestic fastener service to keep productions up and cost down
